RON EASTERN CONSTRUCTION LTD.

WE DON'T JUST SET THE STANDARD.

WE EXCEED IT.

Our promise to you is simple: we will exceed your expectations. That promise has been defining us since 1958 and it still does. RECL is one of Canada's leading firms specializing in integrated project delivery, project and construction management, design-build and general contracting. Our clients trust us to handle some of their most high-profile, complex and challenging projects. Over the years, we've built excellence into our projects across the spectrum of the construction industry, including commercial, institutional, residential, heritage, industrial and civil engineering projects.

SETTING STANDARDS

At RECL our processes and procedures are constantly evolving and adapting to keep ahead of the needs of our clients, and the demands of our industry. We've been providing integrated project delivery services since before it was an industry-recognized way of working.

PUTTING PEOPLE FIRST

We believe that our buildings are for people first — the people who live and work in them, the people who manage them and the people who own them. Close personal attention is at the heart of all our relationships.

DELIVERING BEYOND QUALITY

Perfection is in the details, and we pay attention to every one of them. Of course we meet schedules and stay on budget, but we think everyone should. We go further, solving the difficult problems, succeeding with complex projects and surpassing standards through ingenuity and experience.

COMMUNICATING OPENLY

Everything we do starts and ends with clear, personal and straightforward communications. We take the time to actually talk with you so that we're working together transparently and openly. No surprises.

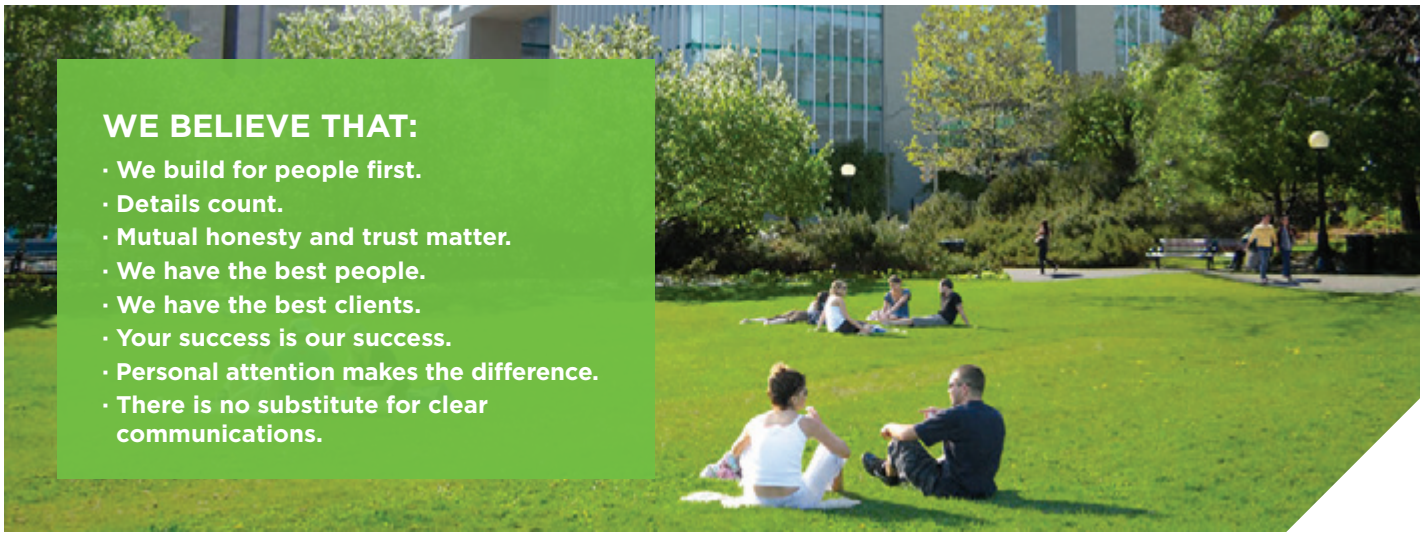
ACTING WITH INTEGRITY

To exceed your expectations, we hire people who exceed ours. We don't just look for the right and best professional qualifications. Our people must show personal integrity, honesty and trustworthiness. Our work is only as good as our people, and we have the best.

90 ELGIN

WE BELIEVE THAT:

- We build for people first.
- Details count.
- Mutual honesty and trust matter.
- We have the best people.
- We have the best clients.
- Your success is our success.
- Personal attention makes the difference.
- There is no substitute for clear communications.



TELL US WHAT YOU EXPECT.
WE'LL SHOW YOU HOW WE WILL EXCEED IT.
